

January 20, 1938.

Mr. J. M. Foster, Secretary
Coal Creek Irrigation Co.
Cedar City, Utah.

Dear Sir:

RE: COAL CREEK DISTRIBUTION.

This will acknowledge receipt of your letter of January 19, 1938 enclosing a petition for appointment of Water Commissioner on Coal creek for the year 1938; also Coal Creek Irrigation Company's check No. 368 in the sum of \$5.00 to cover the fee for commissioner's bond.

I note from the petition that you have not definitely decided what the compensation for the services of a commissioner is to be; however, in the near future such compensation is to be mutually agreed upon by Mr. Leigh as commissioner and the Coal creek adjudication committee which consists of the presidents of the various canal companies.

If I understand the situation correctly, such an agreement must be reached before Mr. Leigh can furnish me a copy of a letter of acceptance of the position as Water Commissioner on Coal creek for the year 1938, as outlined to you in my letter of January 10, last. I will, therefore, hold in abeyance the appointment until such time as I have received from Mr. Leigh his letter of acceptance.

Yours very truly,

T. H. Humphreys
STATE ENGINEER
